

Mama Jane children care Centre,

P.O. Box 1185,

JINJA.

15th October, 2024

Dear Jugendhilfe Ostafrika,

Warm greetings to you and family. I surely thank God who has given us breathe upto this part of the year.

My name is Kisaakye Justine, aged 23 years a resident in Jinja district and a murogo by tribe. I have been raised by my mother, presently ill having been stricken by stroke since 2021 which brought a permanent paralysis of the entire left side of her body. My mother's illness has since then shaped my thinking and bear a modest life.

I testify attaining education from first class schools that is Nursery at Mama Jane nursery school, Primary at Victoria Nile school, Jinja and secondary at Holy Cross lake view senior secondary school for both ordinary and Advanced levels. In all these levels, I have always beared a positive attitude towards science field. Presently amat college, pursuing a Diploma in clinical medicine and community health at Fort portal college of Health sciences. I am in Year 2 semester 2. The programme runs for 3 years, of which each year has two semesters.

In holidays I do hospital based practice as a clinician in Walukuba Health centre IV, Jinja run by government to equip myself with practical health skills that is nursing care, clerkship, performing tests in laboratory, dispensing patients and many more. My hobby is reading story books and researches attributed to my field of interest requiring updated knowledge.

The Diploma in clinical medicine and community health programme has introduced me to medical knowledge both theoretical and practical. I am able to handle clients' needs to the improvement of their health and well being. I hope it is a stepping stone for me to achieving more. Looking forward for a Bachelors degree in medical Radiography next as I continue delivering clinical services.

At Mama Jane home, our sick bay needs to get equipped with first aid medications for children's immediate help in case of any emergency before referred to a health centre. These may include antiseptic solutions, painkillers, cotton, gauze, plasters. As a medical student, I have been in position to inform my siblings guiding in proper hygiene practises routinely, prevention of bacterial infections through drinking of properly boiled water.

I have been able to study upto this level because of the Mama Jane contributions done a great role in my academia and living. My tuition fees and personal materials are fully funded. Social network having met many persons from different family backgrounds and opportunities. It is my heartfelt gratitude and pleasure to be a great beneficiary of this instrumental contribution. May the Almighty God reward you abundantly.  
Warm Regards, KISAKEYE JUSTINE.
